

FILE REQUIREMENTS: - COLOR MODE: CMYK ONLY - Resolution: 72 - 125 DPI - File size must be less than 500 MB of template.

- Illustrator Users: Leave images embedded*. Convert all text to outlines. Save as PDF.

- Photoshop users: Please save as a JPG and send to PB Backdrops to be saved as PDF. Photoshop PDF will generate errors.

*If your file is too large to save with images embedded, please unembed all images, save file as PDF and send backdrop file, along with all images used in file, in a folder. You may send using GoogleDrive, FileMail, Dropbox, etc.

- Please delete template layer prior to saving - Keep all important elements (logos, text, etc.) within red line. Extend background to edge
