Design Notes:

- Please drag the file directly to the CDR (Coreldraw) or AI (Adobe Illustrator) to make the design.
- All graphics files in the design layout at least 100dpi.
- All graphic files must use CMYK mode to ensure the best printing results. If you want to get a specific matching color, you must provide a **PMS(PANTONE)** color, otherwise we can not guarantee the color matching.
- Please make the pictures and content in the black wireframe, otherwise there will be a missing picture.
- Note the size of the visible screen. Place important images and text in the **visible area** , wireframe。
- Acceptable files in the format :-(.AI) (.PSD) (.PDF) (.EPS)
