

Assembly Instruction for Deluxe Popup Booth(Square/Oval/Triangle)

Frame Installation

Install and secure the support poles on the panel respectively.

Install and secure the other half of the panel and support poles in the same way, then connect the two parts together.

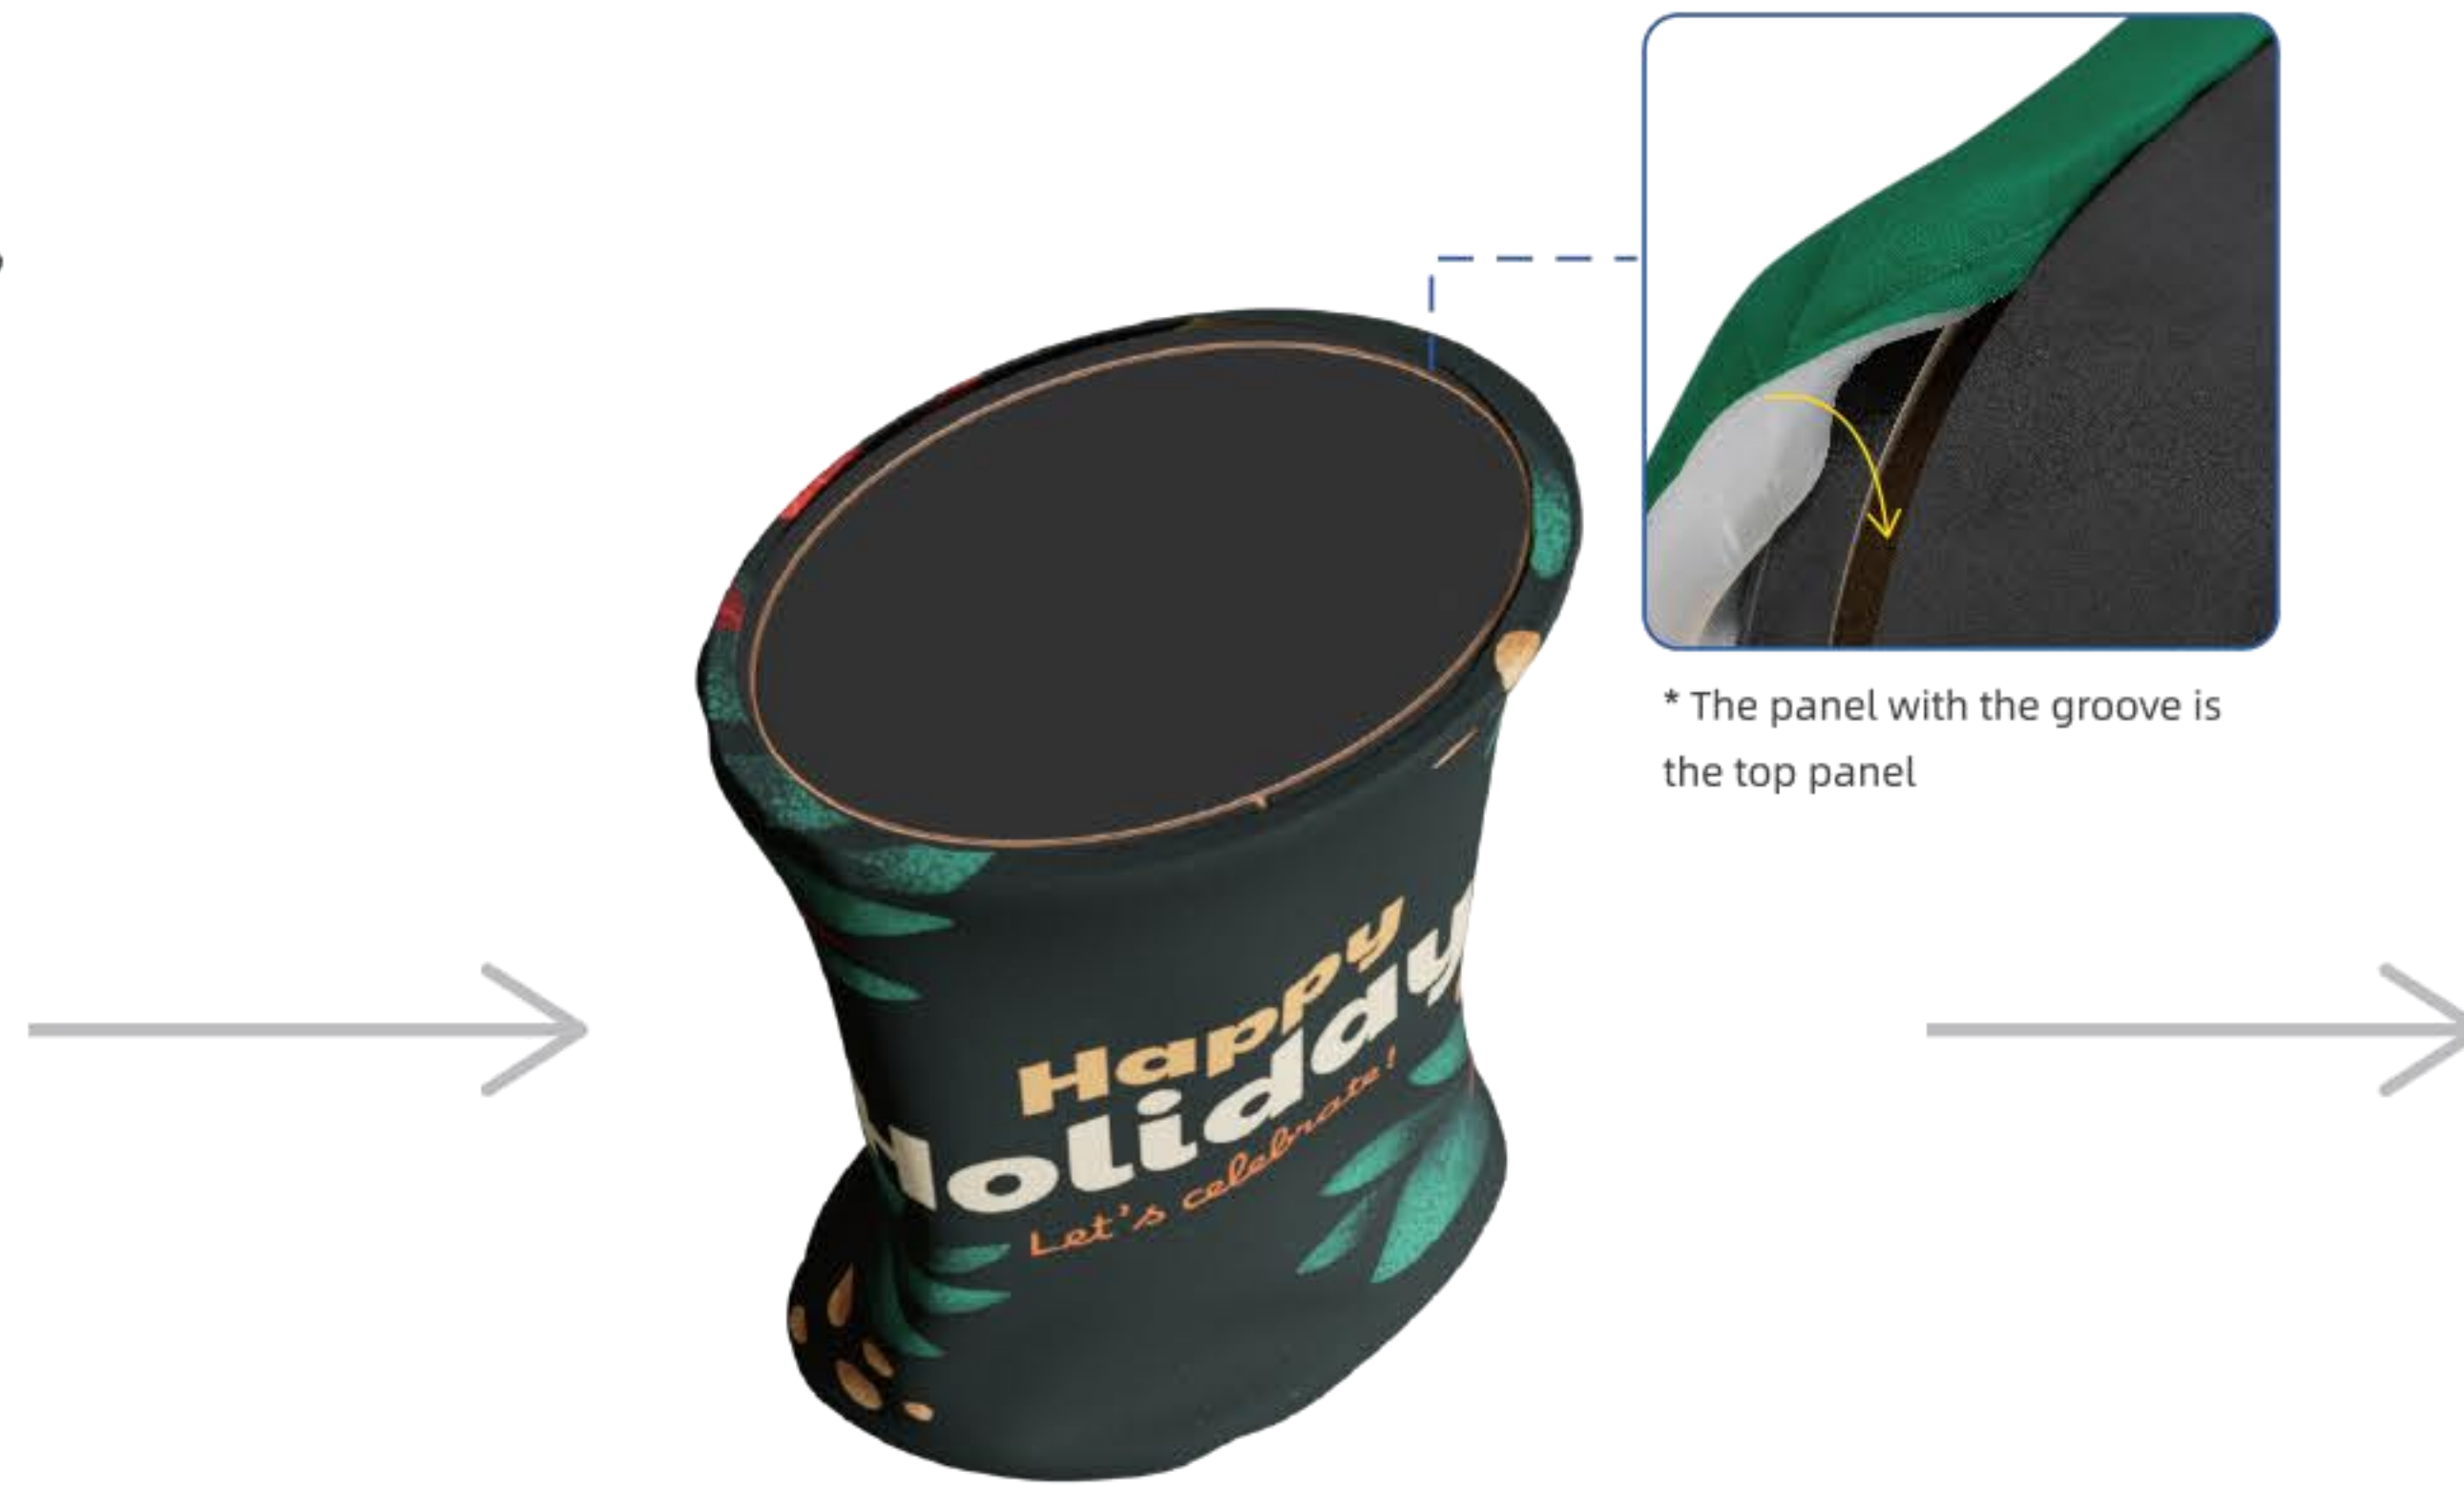

The frame installation is completed.

Graphic Installation

Slide the graphic from top to bottom onto the frame.

* The panel with the groove is the top panel

Insert the silicone strip of the graphic into the groove on the top panel.

The graphic installation is complete.

This assembly method is also applicable to the other two popup booths models.
